

Australian School Fonts™

QUALITY HANDWRITING RESOURCES FOR TEACHERS PARENTS AND STUDENTS

v2.1

- ✓ Created by a former school teacher, now one of Australia's leading type designers and digital font technicians.
 - ✓ Clean outlines and smooth joins no matter how much you enlarge the fonts (for example on an IWB). You can even change the slant angle and the joins will still be perfectly smooth!
 - ✓ Seven font packages are available, covering all regional Australasian styles: NSW/ACT, VIC/WA/NT, QLD, SA, TAS and NZ plus a package for the Yolngu and Anangu indigenous languages of NT and WA.
 - ✓ All lettershapes, slants, and joining rules etc comply precisely and fully with the latest official Education Department syllabus for each region.
 - ✓ Includes fonts for all writing levels from basic unjoined print to fully cursive script. Contains all lettershape variants and joining options that are specified in the syllabus for each region.
 - ✓ Can be used in a wide range of applications such as Microsoft Word, Apple Pages, Apple TextEdit, Adobe Creative Suite and Quark XPress.*
 - ✓ The Beginner package contain fonts for all teaching stages: Beginner fonts with tracing Dots, Arrows (showing the starting point, the writing direction, the numbered sequence of hand-movements, pen-lifts and the finishing point), tracing Outlines (hollow channels), a Thick (bold) weight for headings or emphasis and Pre-cursive versions for previewing cursive exits and entries. The Cursive package contains a fully cursive font that links automatically – creating perfect joins as you type, at all levels from standard Modern Cursive to Speedloops.
 - ✓ Letters can be set to display with or without horizontal guide lines (four lines/three spaces, also called "dotted thirds"). There's no need to change fonts to get the lines – just turn them on or off! Each font contains the particular type of dotted thirds specified in the syllabus for that region. Quickly and easily create whole pages of blank guide lines or slant lines, or both together.*
 - ✓ All fonts contain numbers and a full set of standard maths symbols in the same style as the letters.
- 0123456789 + - × ÷ = ± ≠ ~ ^ / < > . # % () ° *
- ✓ Create correct cursive joins for every letter combination without the need for any separate 'helper' application. Your text joins instantly and automatically in real time as you type.*
 - ✓ No minimum purchase. Buy just one font if that's all you need.

- a ✓ All fonts are supplied in the latest, future-proof **OpenType smart-font format**. The same single font file (.otf) installs easily on both **PC and Mac**.
- b ✓ **FREE fast-response Technical Support** by email or phone provided *personally* by the creator of the fonts.
- c ✓ **Includes comprehensive User Manual with Quick Start Guide** containing extensive teaching materials, detailed illustrations and documentation which is, in most cases, far better than the actual syllabus!
- d ✓ **Pay just ONCE for your lifetime font licence** (up to 10 computers). **NO repeat annual licence fees!**
- e ✓ **Site licences** (more than 10 computers) available for schools. **Web, Publishing and Home licences** also available on application. A 25% discount applies to Home Licences (personal use, 2 computers).
- f ✓ **Secure, easy, instant payment using the PayPal checkout**. If you have a PayPal account just log in and pay. The PayPal checkout also allows easy, secure payment using your **credit card or debit card** and you don't need to have PayPal account for this method of payment. Payment by **direct bank transfer** or **cheque** is also available via our website.
- g ✓ **Instant download**. Get your fonts as soon as you pay for them. No waiting for your fonts to be emailed to you or for a disc to arrive in the mail!
- h ✓ Not only do all of our fonts comply exactly with the syllabus specifications but also, because they have been created by an experienced type designer, *the fonts are of a very high quality aesthetically*. **We believe that the clean, uniform and neat appearance of our fonts is extremely important because it gives the students a worthy standard to aspire to when first learning to form the letters.**
